To my First Del Sis!

Gosh when can I begain to tell the long story of us. You mean so very much to me and I'm going to miss you alot next yar in Bisonettes but please don't feel I'm mad at you for your decision because I'm not. I've learned to love and respect you highly that even goes for your decisions in life. I know you did what you felt best and that only makes me love you more. I'm so grateful for you because I know if I ever need a friend, or advisor I can turn to you, you're a doll, Sharon, I love you to death. There's so many memories for us ... remember the day you made Jacks? the hard work we went through? all the boyfriends I've went through? The first day at Sunset? the Soph. clap? And now the day you become a tough Je, I hope we can continue our friendship for ever.

Sharon, you and Greg are darlings and I wish both you the best in life. Whenever you were trying to tell me about Bisonettes, Greg was so sweet he's a doll and you're both so lucky to have each other. I love y'all to death.

Gosh, I've taken up the whole page so just remember our good times and remember me in the future. Come see me in the summer and if you ever need anything just call because ... you have a friend.

I love You.

what peace there

(HA HA) Well anyway its been fun. Stay as sweet as you are and you'll get what you want. Be careful and I'll see ya next year!

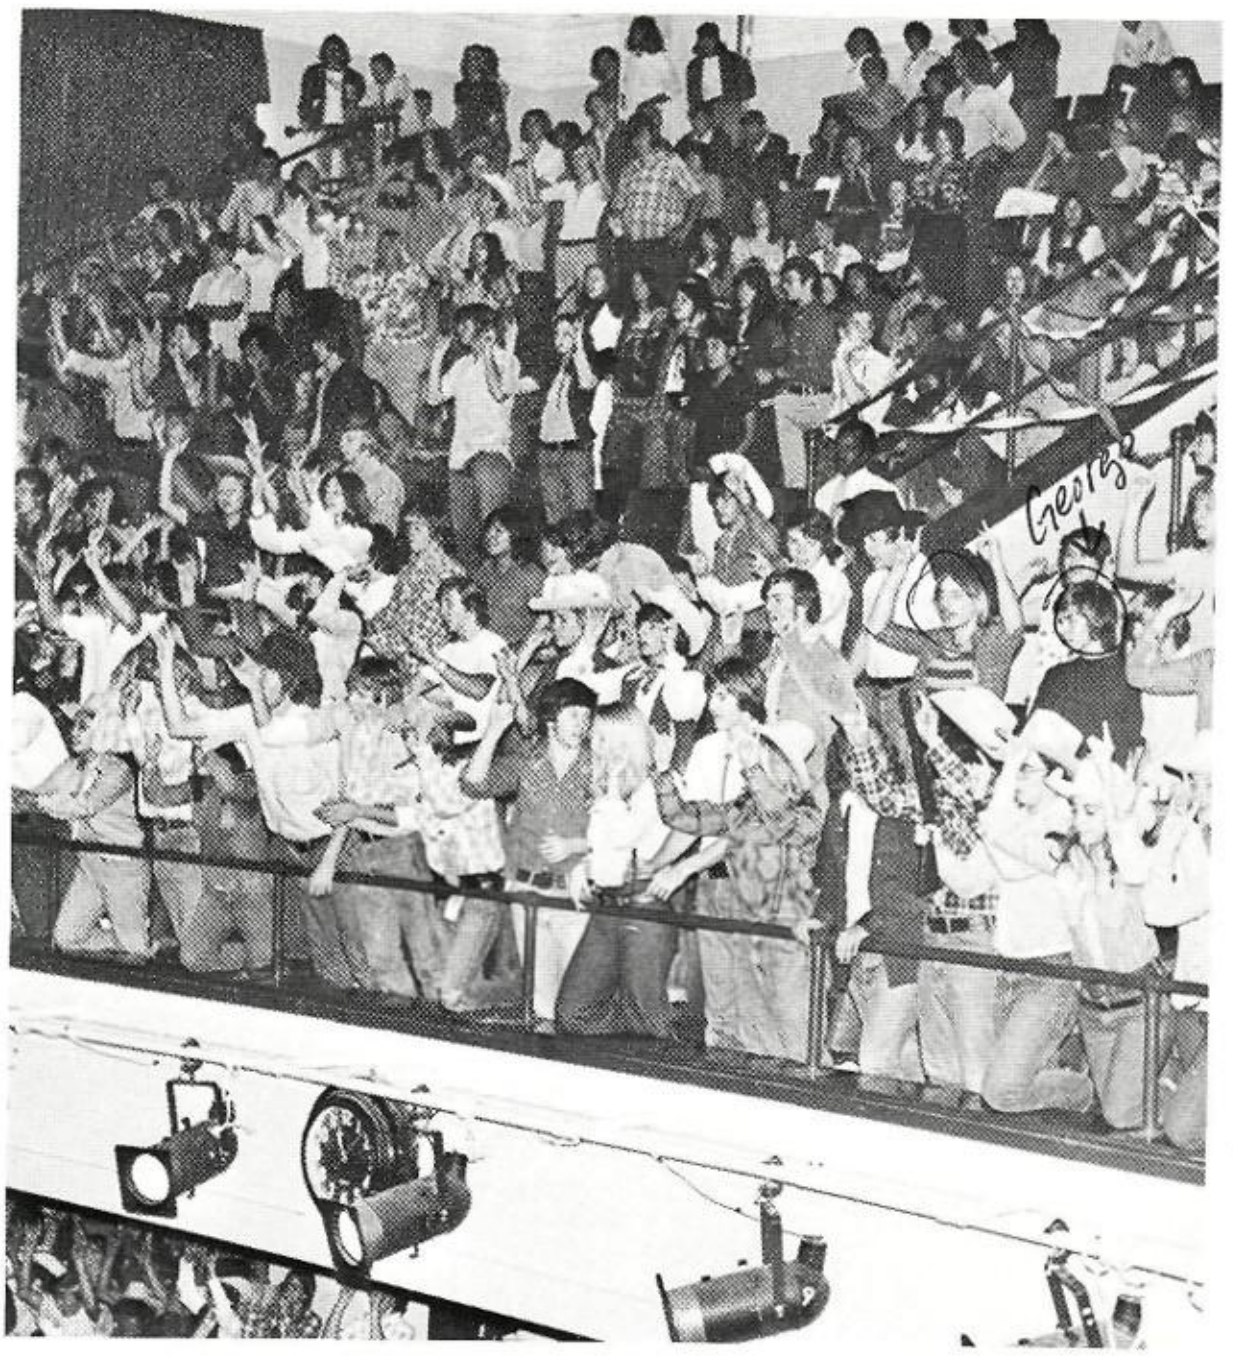
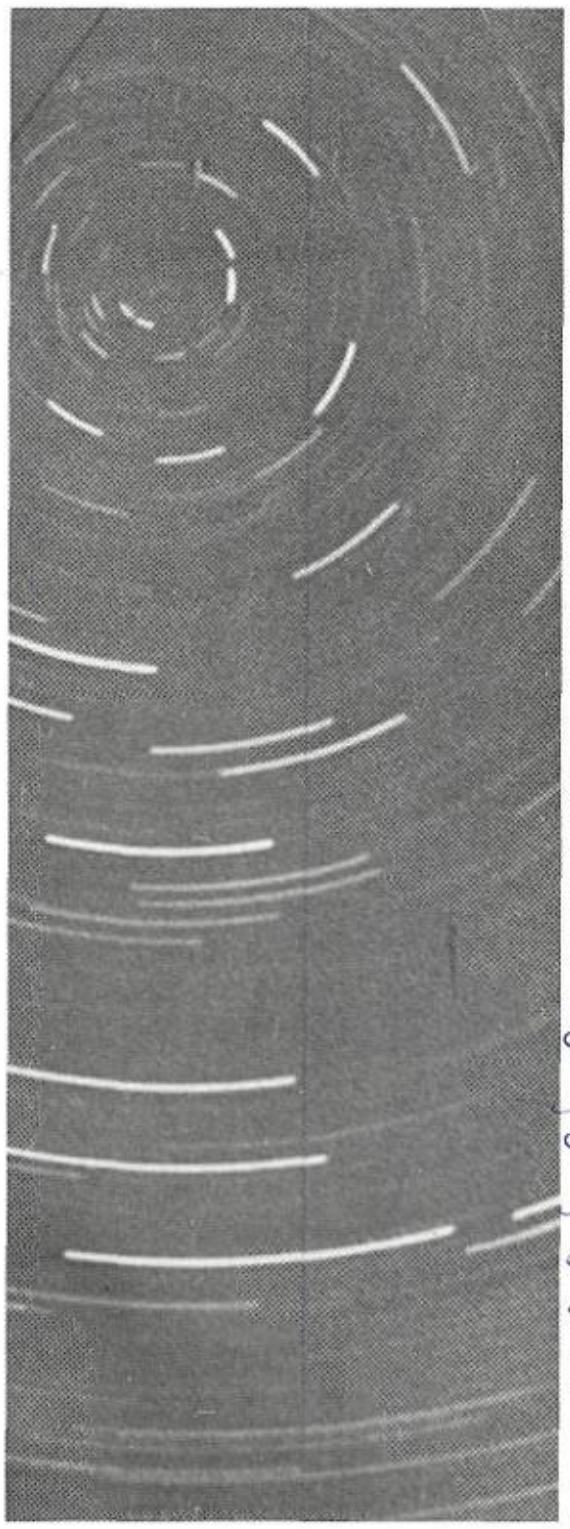
Therefore be at
peace with God,
whatever you conceive
Him to be.





And whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul.

Well, another year has come and gone. Another graduating class has taken its candle from the flame of Sunset and will soon split into its many different ways of life. I would like to ask that you always carry part of that flame in your hearts because that flame is the Life and Spirit of Sunset, and no school has ever had the spirit that Sunset has.

As you leave Sunset, you are leaving as young adults rather than small children. Think back to your first day as a Bison. Remember how you learned the traditions and then soon became a part of them? Sunset's value comes from making you experience other people through these traditions, and, for me, I can truly say that I love Sunset and that I have enjoyed each one of its traditions.

I would like to thank everyone who worked with me and helped in making this the greatest year of my life. Good luck to all of you.

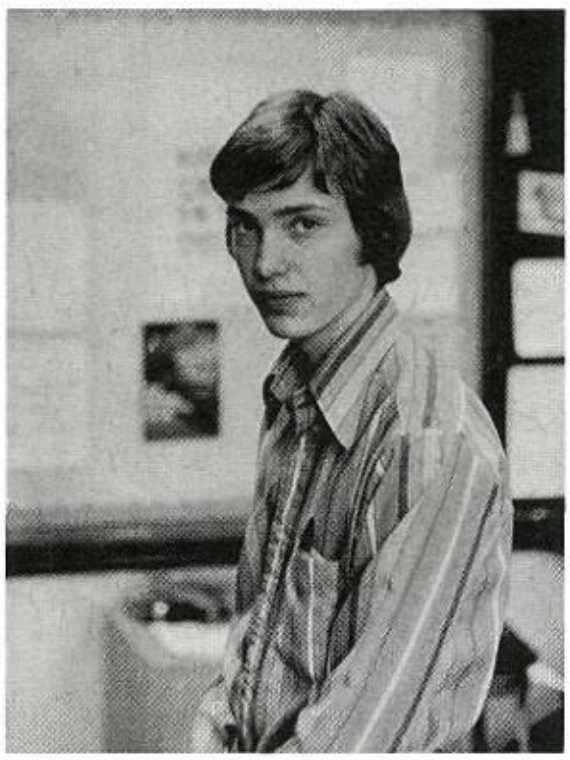
Listen to the sounds of Sunset, as the Bisons speak . . .



Watkins

As an old man, if I make it that far, I'll probably recall the three years at Sunset as the best and most enjoyable in my lifetime. I hope you will be able to do the same.

There have been easy times and hard times, good times and bad times. One of the things that has upset me is people who are so dependent on other people's thinking that they become mere impressions of others and do not think and act on their own.

Are our minds so small that we have to fall in with the pack wherever they run? I think that is a waste. I believe every student at Sunset has a mind of his own with capabilities of success. Use it. Exercise it. Expand it. Our individual burdens of the future will come easier if we learn how to independently use our minds now.

I am proud to be an American and a Bison. I urge the Seniors of '75 to retain the Spirit and Pride of Sunset. I urge everyone to try hard at whatever you do and never give up, for you can be defeated, but not eliminated.

May peace prevail. Good luck all. Cheers

David Hodges

The past three years which we have spent at Sunset are perhaps the most important in our lives. We have learned so many things, experienced so much together, shared many happy and sad times. Now we must look forward to the future. Wherever we go and whatever we do, we must always strive for the best. Remember that every time we sang our school anthem, we pledged an undying love and loyalty to Sunset. We were and always will be Sunset Bisons. That is the one bond which exists between all of us that can never be broken.

For those remaining at Sunset, I say make the very best of your three years. Work together and work hard because with unity and effort you can do anything.

Good luck and God bless all of you each day of your life.

Robert S. Bradford

Watkins

As I look back on the last three years of my life, I've come to realize that I had an opportunity that not many people have had. I had the right to attend a great school such as Sunset High School. Attending Sunset really wasn't important to me at first, but I soon found that I had grown to love the people of Sunset as well as the traditions of the school. I know I will really hate parting with Sunset because it will leave an empty feeling in my heart. I hope that each of you take pride in saying that you graduated from Sunset because many people may not realize such an honor until it has already passed by. No one has ever made the most out of everything, but a person can still feel proud saying that he tried.

Sunset High School is a great school, but it will only be as strong as its weakest person. It will only be as good as the Seniors of 1975 want it to be. Don't ever give up on Sunset because in the three years that I was here, it never gave up on me when I was down.

To the Senior Class of 1974, don't stop now. We've got the rest of our lives to live to the fullest. Sunset will always be a great memory to look back on, but we should not thrive on the past. The past is gone and only the future is present.

Good luck in the future to each and everyone of you and may God bless.

Dear Bisons,

My year as a Sunset Bison was a great experience for me which I will never forget. All the Bisons were very nice to me and I want to thank each and everyone of you for the help you have given me during my year in America. I think Sunset is a great school with a lot of spirit and I hope you will keep it this way. Best wishes for the future.

Jeff Finds New Friends in Cali, Colombia

Jeff with one of his sisters sightseeing.

Dear Bisons,

The greatest honor, privilege, and most of all, experience I have had while attending Sunset, was being chosen the American Field Service exchange student to Cali, Colombia, South America for the summer of 1973.

Before this summer, my whole world was Sunset. I simply could not imagine myself without speech tournaments and pep assemblies. Then I realized there is an entire world beyond Sunset. But what was more important, I wanted to be a part of that world. Sunset has been a wonderful part of our lives. But that is all it is — a part of our lives.

Remember this when you leave Sunset: it is not the end of your world; it is the beginning.

Sincerely,
Jeff Watkins

Persons who achieve this honor do so by having participated in many activities during their three years at Sunset. Being named to Who's Who is the highest honor for those who have collected many honors. Grades are not considered as a deciding factor, but as a part of the overall picture of the top Bison. Character and attitude is considered. These are people who have upheld Sunset and who show in every place and in every way that they are proud to be from Sunset and Sunset is proud of them.

Persons who have contributed in only one or two areas, even if they have done an outstanding job, will be overshadowed by those who have been active in several areas.

This is an honor bestowed by the *Sundial* Staff seniors. The nomination and election of Who's Who candidates is supervised by the *Sundial* Sponsor. When electing the winners, the staff makes their choices by voting both openmindedly and objectively for those people who have accumulated the honors.

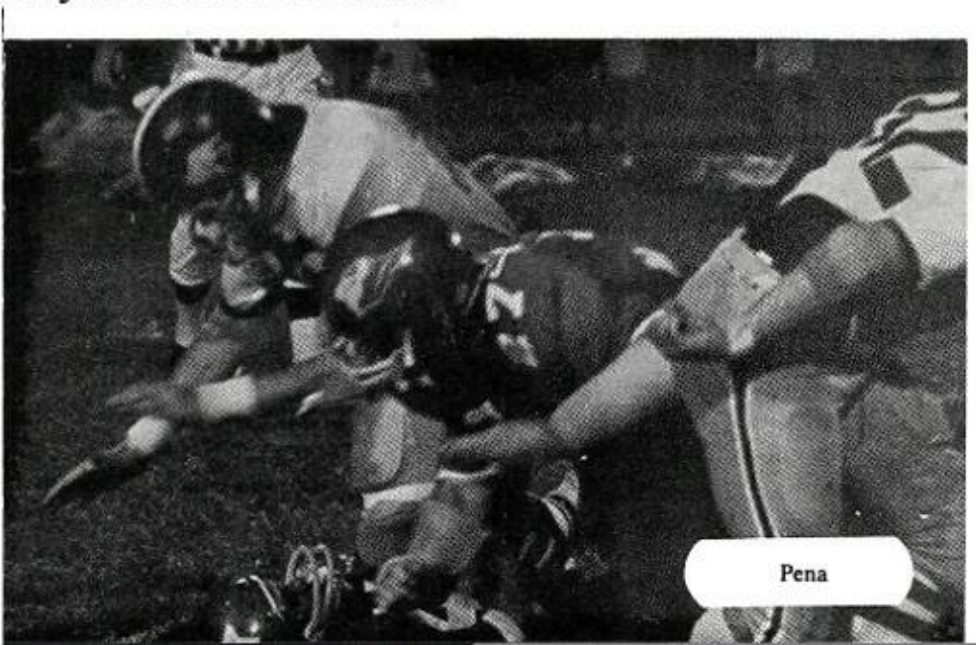
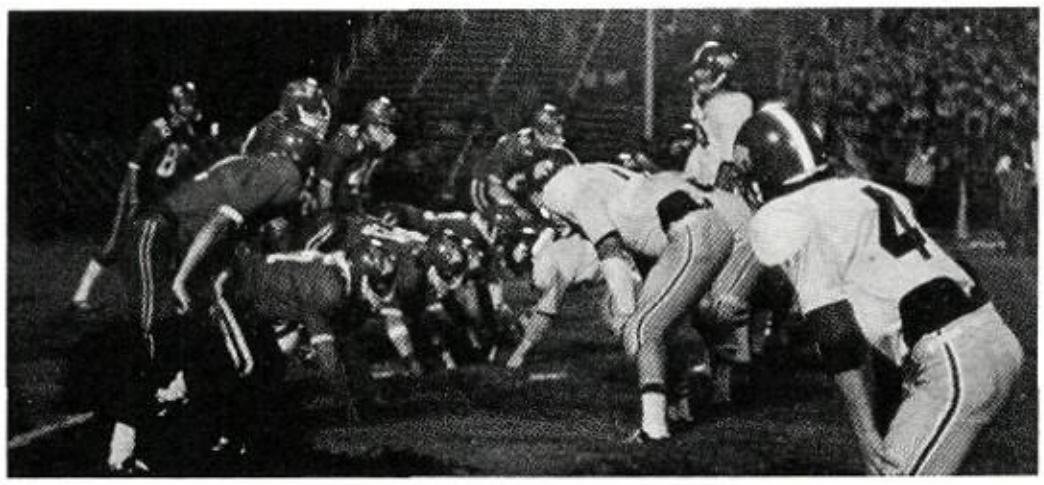
Bisons Open Season With a Smash!

Bisons 31, MacArthur 13

The Bisons really had it together for their all important ason opener. Embry ran for five yards for Sunset's first core, then went to the air for 3 touchdown passes. He hit louser on scores of 17 and 35 yards, and threw to Allen for 65 yard touchdown bomb.



Pena



Pena

Bisons 20, Samuell 12

Just as the newspaper said, this was the best circus in town. No sooner than the Alma Mater was over, Allen ran for a 72 yard touchdown. The Bisons controlled the rest of the game and when the clock ran out, Mark Embry had thrown for a whopping 246 yards!

Individuals by Pena

Kimball Slips Past Bisons 14-7

Sunset put everything that they had into their defense but repeated attacks on the line finally brought down the Bisons. The only Bison touchdown came on a 35 yard pass from Embry to Houser with PAT by Grant.

SOC Dumps Bisons, 2-0

SOC won this one by the skin of the Bisons' teeth. In one of the hardest fought games of the year the Bisons held SOC to only 6 first downs to our 12. The only score of the game came when Mark Embry was dumped in the end zone for a SOC safety.

Roosevelt Tramples Bisons, 36-0

This was the worst defeat Sunset suffered all year. The Bison defense was almost powerless against Roosevelt's super offense. This proved to be a bad blow to the team morale.

Wilson Slips Past Bisons, 21-20

According to the newspaper Sunset died by a pass and that is a just statement. The Bisons led the whole game and at one time by 13 points. The Wildcats took over the scoreboard with only 1:38 left in the game on a 78 yard touchdown pass. Although the Bisons lost, David Houser caught 6 passes for 135 yards.

Cowboys Slaughter Bisons, 34-0

There isn't a lot more that can be said about this game. The Cowboys gave up the ball on fumbles twice in the first quarter but the Bisons failed to score. The rest of the night it was Carter's ball game.

Sunset Cages N. Dallas, 20-0

This was a very important game as far as spirit goes in that the Bisons were coming back from five straight losses. The Bisons did put on some kind of a comeback. Crowder carried 12 times for 55 yards. The scores were on runs by Middleton and Davis and by passes to Allen. Embry also ran 4 yards for a TD.

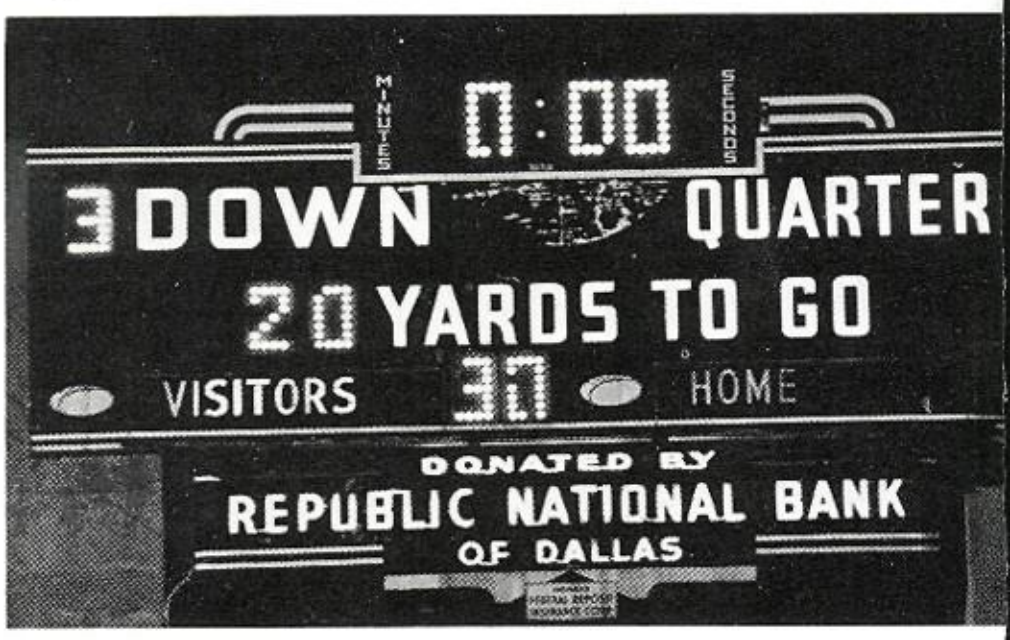
Bisons Blow Adamson Away for 9th Straight Year, 30-0 . . .

Sunset's arch rival by tradition was sorry that they showed up for this game. This was probably the best game Sunset played all year. The Mighty Bisons completely controlled the game with 20 first downs, 175 yards rushing, and 205 passing yards. The poor Adamson Leopards just could not take the pressure. They failed to move the ball and earned only 3 first downs.



Beautiful!!

Sunset Sinks the Vikings, 31-6

This again was a bad night for the Pinkston Vikings. You might say the Bisons closed the season with a smash. The Bisons controlled most of the game which turned out to be hampered by fights and penalties. All in all it was a good closing for the season.

Mazziotta

We seniors leave you Sunset High School . . .

Laugh if you wish, but Sunset has truly been
A way of life for the Class of 1974.
For we seniors, this hallowed building has not been
Just a place to learn and mature, it has been
A secret peace of mind where one has been
Able to discover the joy and happiness in
Knowing that he's at least a small part of
The Bison spirit and tradition.

In later years, as we look back upon the time
We spent at this glorious school, I for one
Shall shed a tear of nostalgia for the memories.
And then smile, rejoicing in the knowledge
That I'll always be proud to call myself a
SUNSET BISON.

Harold J. Filgo; *Principal of Sunset High School;* Baylor, B.S.; SMU, M.E. Barnes

Each year brings new people to Sunset and also new opportunities. Each year brings new ideas and new hopes. And yet, in spite of the many changes in our ways of living, Sunset students have continued to hold to the traditions and ideals that make for a better community.

Our motto of Spirit, Knowledge, and Friendship has had and will continue to have a great influence in Oak Cliff.

167 Years of Teaching

Fifty-one years of teaching in the public schools of Texas has been a very rewarding experience. Some wonderful boys and girls have passed through my classes. I hope I have given them some guide lines to help them through their adult life as well as some other principles of government and history. I hope they are better citizens for having come my way.

Sincerely,

E. M. Barnett

E. M. Barnett

Mr. Barnett taught for 51 years.

In the fall of 1937, I began my teaching career in Yoakum, Texas, teaching woodwork, drafting, and a building course. After three years, I was transferred to Greiner where I taught for seventeen years. In 1957, I went to S.O.C. for eleven years. I have spent the remainder of my career at Sunset. Sunset has some of the nicest people.

Sincerely,

Glen M. Kibler

Mr. Kibler taught for 37 years.

Seventeen years! They have passed so quickly, and as I look back over these years that I have been a member of the "Big Bison Team," my heart is filled with a great deal of happy, satisfying thoughts. I've taught and worked with some of the finest of the Sunset students. The most satisfaction as I look back over these 17 years is knowing most of my students have made good in a world of much competition. I never fail to run into former students from Texas to Honolulu. It means so much to know they care and appreciate what a teacher does for them.

Sincerely,

Lela Childers

Lela Childers

Barnes

Mrs. Childers taught for 41 years.

I was hired as coach from Carrollton, Texas, during the fall of 1936. I was assigned as playground teacher during the day and helped coach B team football at Adamson in the afternoon. Then, I helped the great Herman Cowley at Sunset during the spring of 1937. During the school year 1939-1940, I was called to serve in W.W. II. After my four years in the service, the assigment was old Forest Avenue High School. After the Korean War, I returned to DISD and taught at S.O.C. for 15 years, then to Stockard and last to Sunset. I am happy to terminate my teaching career at a school and community such as Sunset; working with you good people — both students and adults. The *GOOD* has outweighed the *BAD*.

Sincerely,

Cecil M. Sonntag

In Remembrance of Mrs. Kathleen Hood

Barnes

She ascended to her desk on the platform, her very presence commanding silence from her pupils.

The class would fidget nervously as she began to explain what would be expected of them in the coming semester.

Muffled moans arose from the students when they realized they would be expected to complete what seemed like three years' worth of assignments in less than four months.

Students plunged into her class like beginners in the cold depths of a large swimming pool. A few sank, but most swam. I was a swimmer, as were the thousands of students who passed through the portholes of Kathleen Hood's English classes for the past 35 years.

Few of us can remember what a split infinitive is . . . but can tell you the name of Elizabeth Browning's pet dog.

She would draw from her classes everything from blood to that inevitable Senior Theme, and ultimately respect and love.

She was the picture of dignity, a true lady.

Pupils would turn in the countless required themes with a good deal of reserve. Nobody was ever sure of how they would be received. But if they never saw it, she was proud of her students.

Those who talked to her after her retirement last spring found she didn't like being dormant. She began to china paint, a hobby she had when she was a young girl. All but one of the pieces she did as a girl were destroyed by fire. The remaining piece, a plate, was one treasured much more than the four master's degrees she held. The degrees were kept turned face down against the wall in her garage.

She hated to have her picture taken. She would cut herself out of group shots. She did keep all her post cards, letters, and Christmas cards from many years back. She loved her students as much as they loved her.

She touched many kids, changed many of their lives, and enchanted them with the success stories she told of her former students. We all secretly dreamed of having her tell one of her classes about us and of coming back after graduation to disrupt her afternoon classes.

She not only taught us about participles and James Joyce, but about life. We learned of life during the war, a once in a lifetime love, and about that amazing English teacher . . . Mrs. Kathleen Hood.

To the seniors of 1974, may I extend my sincere best wishes. It has been a pleasure to work with you during this past year.

Graduation involves mixed emotions — regrets, satisfactions, sadness, happiness, to mention a few. However, the feelings you may have should add to the challenge that graduation brings. May the true spirit of our school, the many friends among both the students and faculty, and the learning experiences that you found at Sunset provide a foundation whereby you can face your future with confidence. May this future bring to you much happiness and prosperity.

To the Seniors of 1974 . . . Godspeed . . .

Let us hear from you.

Hey! Wait a minute.

You forgot something. When you left the room, you left the lights on, the music playing, the air conditioner running. All to no one's benefit. And that's using electricity inefficiently.

Using electricity wisely is something we all need to think about these days. So take a minute to turn off what you're not using. You'll be making a wise move.

Sharon,

Well this year has almost come to an end. Sometimes I thought we would never make it through English. I've had alot of fun in English with ya & I hope next year we get in the same English class. Thanks for going along with my crazy ideas, and listening to my mouth flap away. May you & Greg be together forever & you can come to my wedding in jeans since you hate dresses. Seriously I think you are very cute & super sweet. Don't forget me. God Be With Ya

Sharon,

It's really been a good year with you. Like you said, I wish we got together sooner. Maybe one of these days, we can get together again. I hope you and Greg make all through life, together. HA! You have made Biology go real good for me. Even though a few certain people had to spoil it. But I will not reveal these people, on the grounds that it might incriminate 2 people. Their names start with P.S. and Mrs. C. Maybe next year we can have a class together without these people.

I'm glad you ask me to sign your "Sundial" cause you probably thought that we really weren't friends by the way I put you down, HA! The only reason that I would put you down was because I wanted to make Peggy think that I didn't only put her down.

I hope I get to see you through the summer and during the next few years.

Love ya,

Denny

Shar-ron, What can I say? I feel like I've made quite a few mistakes in the last few months. I know we've grown apart but I'd like to correct that. You really don't have any idea how much I value our friendship. You showed me that there are still real people in the world. I've made a few commitments to people for next year, I'm talking about Bisonettes, and I hope you won't hold this against me. You've pulled me through quite a few tough spots and I don't know how to thank you. We've got quite a few memories that we can share, I will always keep these close and they will always mean alot to me. I'll always remember "BurgerKing", "Shar-ron" "SV" "Going to Big Bobby's"! "Be Good!" We've always had a good time and we've got two more years. I'd really like to add to those good times if possible! Take care and don't forget me this summer!

Love ya always,
